

**SCHOOL BUS REPLACEMENT PLAN  
FOR THE YEARS 2019 - 2023**

Pursuant to IC 20-40-18, Frontier School Corporation does hereby submit to the Department of Local Government Finance the following School Bus Replacement Plan for the five (5) year period 2019 through 2023. This plan is based upon the presumption that the minimum useful life of a school bus is not less than twelve (12) years.

**SECTION I  
Replacement Cost of Bus/Vehicle During Specific Year**

	Bus Description	Corp ID No.	Type of Bus/Vehicle per DOE "TN"	Owned or Leased	Estimated Replacement Costs

13	2018 IC CE 76 Passenger	5 C		Owned					
14	2017 Chevy Starcraft	15 A		Owned					
15									
<b>Replacement Cost Totals</b>					<b>125000</b>				<b>55000</b>

Note: Add additional sheets if necessary.

**SECTION II**

**ATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BU**

1. Pursuant to IC 20-40-18-9(3)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

Frontier School Corporation doesn't wish to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type used during the 2017-2018 school year.

2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.

Frontier School Corporation may replace buses earlier than the twelve (12) year replacement cycle due to the buses requiring long term maintenance and making a newer model bus more efficient to operate than the older buses due to the operational costs of a newer model being less than the older model buses with high mileage.
