MITIGATION PROCEDURES

Goal: Stop the spread of COVID-19 and prevent school closure

- A confirmed positive COVID-19 case will result in Frontier school closures for 1-5 days to properly clean the building(s). Distance Learning will occur so as to not lose instructional time.
- Long Term Closing would occur if there are multiple positive cases in the corporation and/or in the community. White County Health Department would work with Frontier School Corporation to make that decision. Distance Learning would occur during the closure period.

CLEANING PROTOCOLS will be increased daily and nightly. Hand sanitizer stations will increase within the building. Hand washing will be required throughout the day.

Students and Staff are required to have a **FACE COVERING** with them at all times. Face coverings will be strongly recommended to be worn when social distancing is not an option. Students can bring their own face covering. Frontier School Corporation will be provided with a cloth mask and paper mask from the Indiana Department of Education.

If the intensity of COVID-19 in Indiana changes, the recommendation for face coverings might become a requirement.

BUSES

- Seating Charts will be required on buses to assist with contact tracing efforts
- Siblings will be seated together on the bus

COVID SCREENING must be conducted at home every morning before sending a student to school. If symptoms are shown, contact the attendance line. The school nurse will contact the family to determine next steps.

- *Fever of 100 (F) or greater*
- *Cough/Runny nose*
- *Diarrhea within the last 24 hours*
- *Vomiting within the last 24 hours*
- *Shortness of Breath or difficulty breathing*
- *Chills*
